

School Song

Hold our heads up, our crest high.
Always forward let us stride!
Cognitio is forever an urge,
To Seek for knowledge and truth;
We are guided on our road,
To march against their strong hold.
Hold our heads up, our crest high.
And march on far and wide!
Cognitio is ever a school of fame,
We are proud to bear thy name.
Down the years and up the road,
Thro' the wide eternal world.
